A magical performance for the most mysterious celebration of the year, **Halloween**: when the life of **Harry Houdini**, the greatest illusionist, became legend.

On a dark night a strange thief enters a witch's house... What is he looking for? Which is the secret that lies there? And what will happen when the witch will surprise him?

Come to theater to discover it with us, taking on a wonderful journey through the art and history of magic, participating in the illusions performed on stage... to find out with Houdini that the secret is not the trick itself, but...

A show of conjuring and entertainment involving the attendees, that will come to theater masked as ghosts, witches and... fantasy, to ask together "Trick or... tricks?"
